Classic Tow Bars

The Classic Tow Bars series, first introduced in 1986, offers time-tested and time-proven reliability and endurance. This series also features a powder-coated finish, stainless steel moving components and a full length crossbar for additional safety. Three tow bars—the Falcon 2, StowMaster and Tracker—are available in this series.

All-Terrain Tow Bars

The All-Terrain Tow Bars series, first introduced in 2003, offers all the great features of the Classic Tow Bars but with the added benefit of All-Terrain features. Releasing your towed vehicle is easy with All-Terrain tow bars—even when the tow bar is at a hard angle or the towed vehicle is out of level. Four tow bars—the StowMaster, Falcon, Blackhawk 2 and Sterling—are available in this series.

The Kar Kaddy^{SS} will tow almost any vehicle, large or small, without difficult, time consuming adjustments to axles or ramps. This means no bolts to tighten and no heavy components to reposition. **KK460SS**

- The Kar Kaddy^{SS} will tow almost any vehicle, large or small, without difficult, time consuming adjustments to axles or ramps. This means no bolts to tighten and no heavy components to reposition. Hydraulic surge brake system provides safe, controlled stopping.
- A durable galvanized finish with custom chrome wheels makes this tow dolly one you'll be proud to use for years to come.
- Will accommodate front wheel drive standard or automatic transmission vehicles.
- Less than 100 lbs. tongue weight, when loaded, for improved ride and handling of tow vehicles. Ideal for towing by mini motorhomes.
- Trouble free sealed bearing hub with 3-year unlimited warranty.
- Tilt-bed frame provides fast, easy loading. Positive locking mechanism on tilt-bed does not require a separate loose pin.
- Attached "SURE-GRIP" loading ramps provide a safe loading traction.

KarKaddy³ model KK370SB will tow almost any vehicle without difficult, time consuming adjustments to axles or ramps. This means no bolts to tighten and no heavy components to reposition. Attached "SURE-GRIP" Low Profile Loading Ramps and Platforms. Formed and punched traction holes eliminate areas where dirt and moisture can cause corrosion problems. Make trouble-free turns with Auto-Steer cornering. Tilt-bed frame with positive automatic ratchet locking mechanism for fast, easy loading. **KK370SB**

The KK370SB is standard with a hydraulic surge brake system

- Ideal for RV owners who need an economical, dependable auto transport.
- Will accommodate front wheel drive standard or automatic transmission vehicles.
- Less than 100 lbs. tongue weight, when loaded, for improved ride and handling of tow vehicles. Ideal for towing by mini motorhomes.
- Tilt-bed frame for fast, easy loading. Positive locking mechanism on tilt-bed does not require a separate loose pin.
- Attached loading ramps. No ramps to lift or store.
- Auto-Steer cornering for problem-free turns.
- Lower center of gravity for towed vehicle improves stability.
- Dual safety chains for towed vehicle are standard.

Where quality and economy meet. An economical alternative to the KarKaddy³TM. 8 ft. configuration only. **TI210 & TI210SB**

- Top swivel platform
- Low profile ramps.
- Sealed bearing hub is so trouble-free, we back it with a 3 YEAR Unlimited Warranty **NEVER REPACK WHEEL BEARINGS AGAIN**
- Available with or without surge brakes.
